

O Level Tuition Centre, Home Tuition, Private Tuition Singapore

At The Classroom, we use a tested and proven system that simplifies the learning process for Primary & Secondary school students. This helps students solidify their learning, allowing them to not only achieve better grades, but also boosts their confidence levels before sitting for each exam.

This C3 System is the result of over 9 years and 10,000 hours of teaching by our team of education specialists, backed by consistent results achieved by our students over the years.

'O' Level Physics Tuition

The Classroom strives to provide the best O Level Physics Tuition lessons in Singapore. We do so by engaging passionate teachers who strive to make learning as simple as possible. Coupled with Real Life Demonstrations, Detailed & Concise notes and carefully crafted practice questions, our O Level Physics Tuition programme strives to push each student to his maximum potential.

Excel With Ex-MOE Teacher & Full Time Tutors With Decades of Experience

Why Choose Us?

- ✓ **Wide Range of Learning Materials**
Wide range of learning materials - Detailed notes, Concise summaries, Curated Questions.
- ✓ **Close Monitoring of Current Mastery**
This is where we identify Gaps in knowledge, Misconceptions and help your child gain more up. This includes marking their work on a weekly basis!
- ✓ **Exam readiness**
Periodic Tests will be administered and Exam skills will be taught to ensure your child will be in the best state of mind before he sits for his next major exam!
- ✓ **Stellar results**
100% achieve A+ and A* purely by the last 2 years.

O Level Pure & Combined Physics

A photograph of a classroom scene. A teacher is standing at the front, facing a group of students seated at desks. The students appear to be engaged in a lesson or discussion. The teacher is wearing a dark jacket, and the students are wearing various casual clothing.

Build a strong foundation
Challenging Physics Concepts are broken down into bite-sized pieces so students understand quickly.

Comprehensive resources
Exposure to 'cross chapter' questions and 'cross topics' set up to help our students score A+.

We are passionate, committed and we inspire

Our teachers are highly experienced individuals who excel at what they do. They understand the different learning styles of students and customise methods of delivery to accelerate learning!

Delivering Real, Measurable Results

Every year for the past 4 years, roughly 1 in 2 of our students scores a Distinction at the GCE O Level examination. We've also managed to take several students from F9 to A1 within a few months. Most are able to see results in a short period of time, all with minimal homework given.

Introducing The C-Cube Trigger System

Our tutors are trained to use persuasive language patterns to “build rapport” and connect with our students before even starting to teach.

In addition to producing good results, many of our students stay on after their first trial lesson, or their first term or their first year! One of the reasons why our drop out rate is so low is because we run lessons that students understand!
