Tension Free VAT CONSULTATION & REGISTRATION

VAT is an indirect tax applied upon the consumption of most goods and services. VAT is levied by VAT registered businesses which make supplies of goods and services in the course or furtherance of their business.

The six states in the Gulf Cooperation Council (GCC) region have agreed to implement VAT, which will generate \$25 billion (Dh91.8 billion) in tax proceeds every year. VAT will be introduced in the UAE from 2018 in two phases.

services which is then paid to the authority.

services.

turnover exceeds certain limits
