About Company

Ezzy Pest Management Services specialises in Integrated Pest Management (IPM), providing easy and effective solutions for your current pest management challenges, expert advice and assistance to keep them from coming back! Ezzy Pest Management Services is a fresh, vibrant, pro-active pest management company backed by more than two decades of experience in the pest control industry. From residential to commercial, from 5 star Hotel to Pharmaceutical plant, from passenger ferry to ocean-going container vessel, our staff have the prior experience and know how to make your pest problems just an unhappy memory.

Thermal Imaging for Termites

Thermal imaging is an effective way to inspect your home and can detect problems that need to be addressed before evidence can be seen

Rodent Sensor Management

Rodent management using IPM Square Eye mainly targets the nesting site of rodents in the heavy inspected areas. It is an integrated multi-sensor device equipped with 7 high quality sensors for operation.

Virtual Termite Baiting

The best termite baiting system can now be very affordable with your participation to keep your home safe from the ferocious subterranean termites...

Ezzy Pest Management Services is fully licensed by the National Environment Agency and staffed by qualified, licensed, vector control technicians. At Ezzy Pest, we use only the best pest management products and use them only where necessary, targeting our applications at the cause of the problem to get the best results, not chasing after the effect and polluting the environment in the process! At Ezzy Pest, we are committed to providing an easy solution for any pest problems you may be experiencing, we are committed to providing a high level of service at a competitive and fair price, we are committed to ensuring our actions don't cause harm to our clients or the Environment, in short, we are committed to you
