About us

Reliable Suppliers

As such, we only import our products from reliable sources that have achieved international quality management recognitions like ISO14001. ISO9001. REACH. SGS, etc., manufacturers with at least 5 years to over 10 years in the industry in producing these goods. The ink cartridges that we sell are backed by manufacturers that have over 100 employees, stringent QC processes and a team of qualified and experienced R&D researchers who continually explore new products to keep abreast with the market demands.

Convenient Transactions

sourcing for reliable products is only the first part of our equation. We want to make sure that you can obtain the products easily and quickly when needed without imposing too many restrictions on your orders. That is why we try to design our package that will be flexible to you and with many varieties. To make purchasing simple, convenient and easy to you, we welcome various form of purchasing methods like ordering through an email, fax, online, SMS text and retail outlets.
